

## Vacuum, blowing and steaming table - NOVA

### Vacuum , blowing and up- steam table

electrically heated and controlled by thermometer. The large size of the buck(1300x500x250 mm ) makes ironing easier and faster, especially for trousers ' finishing.

Equipped with a powerful built-in 3Phase vacuum fan .

Provision is made for two swinging arms for the finishing board which can be used either sides.

A switch can reverse the vacuum/blowing functions of the foot pedals .

Fixed board or adjustable height board from 770 to 970 mm, by gas spring .

#### Available extras :

5 liters electronic boiler

Swinging arm with sleeves ironing or spotting shape

Water spray on the iron or with support.

Steam spotting gun

Lighting group with or without iron balancer.

Pump with feeding tank.

Ergonomic pedal -vacuum operation by photocell and blowing pedal.
